E. REFEREE SYSTEM: OUTDOOR (NTSSA Rule 3.12)

1. The only approved referee system for all NTSSA competitions (both State and affiliated members) shall be the International Three-Referee system (a referee and two neutral assistant referee) employing FIFA Laws of the Game (as modified herein), officiating techniques, and mechanics. The order of preference when three registered referees are not available is as follows:
 - a. One Federation referee and two Federation referees as assistant referees (the standard ALL organizations should strive to meet).
 - b. One Federation referee, one Federation referee as an assistant referee and one club linesman** who is unrelated to either team and not registered as a referee (only if there are not enough Federation referees as stated in a, above).
 - c. One Federation referee, and two club linesmen** who are unrelated to either team and not registered as referees, acting as club linesmen, (only if there are not enough Federation referees as stated in a or b, above).
 - d. One Federation referee and two club linesmen** who are not registered Federation referees and who are affiliated with the participating teams, (only if there are not enough Federation referees as stated in a, b or c above).
 - e. One Federation referee, only if there are not enough federation referees or if the club linesmen are unavailable as stated in a, b, c, or d above and one referee is appropriate for the level of competition.
** Club linesmen (not registered as Federation Referees) are limited to signaling in and out of touch only.
2. Under no circumstances will the dual referee system of officiating be utilized for any NTSSA sanctioned games (which include all Member Associations league games, cup matches, and tournaments). Member Associations of NTSSA who attempt to employ this system of officiating will be declared not in good standing upon thirty (30) days written notice by the State Executive Committee. If they do not take immediate, positive steps to comply with this rule, the Member Association will be held to be not in good standing.
3. Coaches of NTSSA registered and affiliated teams shall not play a competitive league, cup, or tournament match under the dual system of officiating, nor can their teams be forced to forfeit said game(s) for refusing to play under the dual system.

5. USSF Registered referees who employ the dual system on matches involving Member or Affiliated league games or tournaments may be subject to disciplinary action by the North Texas State Soccer Association Appeals and Disciplinary Committee.
6. The use of unregistered referees is approved only in emergency situations; then, the captain or coaches of two competing teams may decide on someone agreeable to both of them to officiate. In these circumstances, the decisions of that person serving as an emergency referee are just as binding as if he were a registered referee. A Member Association of NTSSA who attempts to circumvent the spirit of this rule by continually relying on this rule, or the excuse of referee unavailability as a reason not to insist upon the proper training and registration of all their referees, will be put on thirty (30) days written notice by the State Executive Committee that it is not in good standing with NTSSA. If it does not take immediate, positive steps to completely comply with this rule, the Association will be held not to be in good standing. The SRA, in coordination with the Administrative Assistant, is responsible for ensuring all registrations of all officials are submitted in a timely manner and before June 30 of each registration year. For those referees wanting to advance, the SRA review the records and presents them to the Promotion Committee. Nominations for referees to attend Southern Youth Regionals originate with the SRA. The SRA also attends workshops in North Texas as well as outside the area.

The SDA will identify referee coaches to send out-of-town tournaments for both youth and adults and submit those nominations to the Committee for approval. The SDA works closely with the Director of Instruction to determine in what areas referees need training and how to provide training for those wanting to advance.
5. **State Director of Instruction (SDI):**
The SDI is responsible for all training in North Texas. The SDI is also responsible for approving the registration of all instructors once they have completed their annual requirements. The SDI will submit the recommendation list to committee for approval.

The administrative assistant also distributes information to all registered assignors, associations, and the referee committee.

F. PROMOTION COMMITTEE

The Promotion Committee is made up of the SRC, SRA, SYRA, SDA, SDI, and SAC. This committee approves all promotions as initiated by the SRA.
